

In Geography we will use map, globes, atlases and google earth to locate the world's countries and major cities, and look at landmarks, natural and manmade.

In RE we will learn about key events of Bar Mitzvah and Abraham. We will also study how Christians worship.

In Art we will learn about textiles and make a sewing pattern. We will look at art from different cultures and learn how to use pencils create texture using shading

Through music we will learn how to appreciate music, compose and play rhythms and melodies. We will learn songs for our summer productions.

In French we will continue to use our counting skills, and learn different colours.

Oak Class Year 3 and 4 TERMS 5 and 6 2019

**Mrs Winter, Miss Hewitt,
Mrs Venner, Miss Sherwood,
Miss Barnes and Miss Previtt**

In PE will learn and perform a traditional Maypole dance, develop our knowledge of water safety and swimming strokes, improve our bat and ball skills in tennis sessions and develop our running, jumping and throwing skills.

In Science we will learn about sound, pitch and volume.

In Maths we will continue to learn our number and times table facts and calculation skills to solve real life problems, including those with measure, perimeter and area. We will learn about money and solve time problems.

In English we will learn how to write an adventure story, learn how to write letters, use play scripts and write a shape poem. We shall also learn how to write and present information in different ways to make it interesting to the reader. We will use all of these to develop our spelling, grammar, punctuation, composition, decoding and comprehension skills across the curriculum.

In computing we will learn about technology in our lives, and how to be safe with technology.

In PSHE We will learn how to keep safe in water and how to manage our money.
